Chapeaux -- 'Du Jour' Models

Without Question the Most Wonderful "Wonder Friday" Hat Values We Have Ever Offered.

Paris, herself, can boast of no smarter hats than our Autumn "Chapeaux du Jour." And no model hats reveal finer workmanship. Yet their price is but \$9.98.

Splendid as were the values in previous sales of this celebrated type of Gage Hat, this Autumn sale eclipses them all. A brilliant assemblage-as many different styles as there are types of women, as many lovely shades as fashion permits and as many rich materials as are in vogue.

Small chic affairs there are in great numbers. and many jaunty models in medium size. All have been carefully made of fine Lyons or Panne Velvet, Hatters Plush or combinations of the ich materials.

> And the price is but \$9.98. ---Millinery Salon----

WILLIAM COLLIER & THE SERVANT QUESTION SELECT PACTURES

A GAIN the screen scores in adding to its roster of noted players the name of the famous comedian, William Collier, who appears in "The Servant Question," a Select Picture, which will be shown at the Bijou for the last time today. Ne need to review the many stage triumphs of this remarkable artist. Suffice it to say that in "The Servant Question" he has a story of fast, laughable farce, with a real plot, a real production, and a real company back of him.
